**FIRE ANT TRACKER**
We learnt fire ants stuff today. We learnt about nests of fire ants. We saw fire ants but they were dead. We found out that we can’t stop the fire ants breeding.

A Man fell into the fire ants by accident and got stung in under 2 seconds and he got bitten 50 times. The girls showed us the dog.

Aka the fire ant tracker and Amanda did a presentation. Aka is a dog that can smell fire ants, she can also do lots of tricks. Amanda taught us about fire ants. She told us that fire ant nests are round and have no holes. Fire ants get in their nests by digging a tunnel.

**YEAR 6 SHIRTS**
Tarampa Smash Repairs have kindly offered to gift each Year 6 student with their senior shirt this year. I’m sure that I speak on behalf of all the Year 6 parents when I thank them for their generosity.

**WATER TANKS**
All of the water tanks in our school have been fitted with a self-cleaning system.

We have attached an information brochure outlining how this system works. Hopefully this will lead to cleaner and fresher water for our school.

SOMERSET REGIONAL WORKSHOPS
Fernvale – Wednesday, 1st April 2015 – 6pm-9pm –
Laws Relevant to Your Club – Fernvale Futures Complex, 1483 Brisbane Valley Highway, Fernvale
Sport and recreation organisations are often managed by volunteers who freely give their time and effort. It can be difficult for busy volunteers to keep up to date on the legislative requirements, policies and processes that govern sport. This workshop provides an overview of relevant laws and policies and highlights recent changes that impact on clubs and, in particular, the fulfilment of people’s responsibilities as administrators or committee members.

- have no identification documents or rental history
- are trying to prove they will be a good renter/tenant
- find it hard to read or write.
